

The Second European Cognitive Science Conference EuroCogSci07

May 23-27, 2007

Delphi, Greece

<http://conferences.phs.uoa.gr/EuroCogSci07/>

Call for Submissions

We are pleased to invite submissions to EuroCogSci07, the Second European Cognitive Science Conference, to be held in Delphi, Greece, May 23-27, 2007. EuroCogSci07 is jointly organized by the **Cognitive Science Society** (www.cognitivesciencesociety.org) and by the **Hellenic Cognitive Science Society** (cs.phs.uoa.gr/HCogSciS/index.htm).

Important Dates:

All submissions due: November 15, 2006

Acceptance notifications: February 15, 2007

Final camera-ready copies due: March 9, 2007

Conference General Chairs:

- Stella Vosniadou (UOA, Greece)
- Daniel Kayser (Université Paris Nord, France)

Instructions for Submissions

Cognitive science pursues a scientific understanding of the mind through all available methodologies, notably those of anthropology, artificial intelligence, computer science, education, linguistics, logic, neuroscience, philosophy, and psychology, in whatever combinations are most appropriate to the topic at hand. The aim of this year's conference will be to represent this full breadth of research in the cognitive sciences, leading to useful mutual interactions. All contributions should be addressed to an interdisciplinary audience.

ORAL PRESENTATION PAPERS: 20-minute oral presentations, which if accepted will be published as 6-page papers in the Proceedings.

POSTER PAPERS: poster presentations, which if accepted will be published as 6-page papers in the Proceedings.

POSTER ABSTRACTS: poster presentations, which will be published in the Proceedings as one-page abstracts.

SYMPOSIA: 90-minute presentations, including three or more well-integrated talks on a common topic and possibly a discussant, which if accepted will be published as one-page abstracts in the Proceedings.

Submissions for oral papers, poster papers, poster abstracts, and symposia will be reviewed by an international panel of experts according to the following criteria: Significance; Relevance to a Broad Audience of Cognitive Science Researchers; Originality; Technical Merit; and Clarity of Presentation.

All submissions for oral papers, poster papers, poster abstracts, and symposia should be submitted according to the instructions, which appear at the Conference website. Electronic templates are provided. We will unfortunately not be able to accept material not submitted on these templates.

Note the deadlines for receipt of submission materials above. Authors whose submissions are accepted on the regular program and will appear in the Proceedings will be notified in time to return final versions of their Proceedings contributions by March 9. Publication is subject to meeting deadlines and format requirements.

Submissions that do not contain all of the required information or do not fit all the specifications, including length, described in the instructions will not be considered.

Information about conference registration, hotel reservation, conference travel, etc will be provided after May 15, 2006.
